

March 1, 2025

Dear Property Owner:

The Revaluation of all Properties in the Town of Merton has been completed for 2025. Enclosed you will find the Official Notice of your new assessment as prescribed by law. This new assessment is an estimate of the full (100%) market value of your property as of January 1, 2025.

At this time, it is impossible to know what impact, if any, the new assessments will have on your tax bill for 2025 because the budget process for Schools, State, County and the Town will not take place until later in the year.

My duty, and only concern, was to assign a fair value to each property that is in line with the current market and uniform with other properties. Extensive research into sales and cost approaches were used to arrive at these new assessments.

The last general revaluation of all Property in the Town of Merton was in 2020. Property values have risen on many properties in the years since the last revaluation.

Note: State Law regarding Use Value, the value of tillable lands used in a farming operation will be based on agricultural values recommended by the Department of Revenue. However, the value of Farm Homesites, Barn sites and buildings were increased to keep pace with the current market trends.
